WHO BID 76 FOR U. T.?

Finger of Suspicion Points at George J. Marott.

Who bid 76 for Union Traction common stock? That is the question interurban men are trying to figure out. George F. Mc-Culloch says he does not know. If he did, he says, he would at once answer the following telegram he got yesterday from W. C. Sampson, treasurer of the Union

Company, who is now in Philadelphia: "Brokers bid U. T. common to 77 on Indianapolis orders, one hundred shares. Can you learn cause? Answer, Hotel Walton." Mr. McCulloch said he knew as little about the cause as Mr. Sampson did. He Mr. Sampson's telegram indicated that For Illinois-Fair on Saturday, with their reports had fallen a cent short of the

COMMISSIONERS' ATTITUDE.

Certain Conditions.

The County Commissioners are waiting for the Indianapolis, Shelbyville & Southeastern Traction Company and the Union Railway Company to come to some conclusion about a crossing at Prospect street. The commissioners are a unit against the traction company building a subway under the Union Railway tracks, according to the plans they presented to the board. They are not opposed to a subway, however, if it is the right kind, and, in fact, favor the right kind of subway. The specifications presented by the two roads called for a 4 per cent. grade, constructed without a retaining wall on either side, thus making a huge ditch, the top of which would take in the entire street and the bed only wide enough for the traction company's tracks. The commissioners say if the railway companies present specifications for something like a 21/2 per cent. grade, which would make a gradual slope, and wide as the street at the 2:154. bottom, with retaining walls, they would be

The board would like to have an expression from the property owners. It is likely that the issue will be presented to the board by a petition from the property owners outlining the kind of crossing they would prefer. Without an opinion from them the commissioners will take no further action.

Cars to Mooresville. The fourth electric railway to be in regalar service to Indianapolis will start this morning. At 6:30 o'clock the first car from Indianapolis for Mooresville over the Martinsville line will leave. The first car from Mooresville to Indianapolis will leave at 6:15. Charles Finley Smith, owner of the road, found everything in working order yesterday and decided to enforce his regular schedule as far as Mooresville at once. The cars will run every hour. For the present they will not enter the city, but will transfer passengers at the Stockyards

STRIKE OF 1,500 MEN.

Boiler Makers, Shipbuilders and Helpers Quit Work.

CHICAGO, Aug. 1.-Boiler makers and shipbuilders and their helpers to the number of 1,500 men employed in the contract and job shops in this city struck to-day because the Master Boiler Makers' Association refused to concede demands made upon them. The principal demand is an increase in the wage scale of the boiler makers from 30 cents to 35 cents an hour for inside work and 50 cents for outside work. Helpers want an increase from 20 to 25 cents for inside work and from 25 to 30 cents for outside work. Outside demands are recognition of the union, nine-hour day inside and eight-hour day outside, double time for holiday work and time and one-

half for overtime. Important victories were won by the men during the day, three of the largest shops in the city having signed the union scale and 200 men will return to work to-morrow morning. The firms that agreed to the demands were Allis-Chalmers Company, Halley Down-draft Company and Hamler Boiler and Tank Company. Coming on the
